SENATOR BURTON IS FIRST TO COMMITTEE WITH A LIST

WILSON WILL NOT GO ON THE STAND

Will Transmit Information Regarding Tariff Lobby.

SENATORIAL PROBE UNDER WAY

Burton of Ohio Submits Long List of Tariff Champions Who Had Talked With Him, but Declares None Was a Lobbyist—Senator Ashurst Refers to One Man as a Smooth Article.

Washington, June 3.—The senate investigation into the lobby against the tariff bill, which President Wilson characterized as "numerous, industrious and insidious," is under way.

Senator Burton of Ohio furnished the longest list of names of tariff champions of any of the 15 senators examined. Burton's list included more than a score of names, nearly all of whom were Ohioans. The Ohio senator concluded his testimony, however, with the statement that none of the men who had seen him was a lobbyist in the popular acceptance of the term, but that all were men directly interested in the tariff, who sought merely to present their arguments in a manner perfectly open and above board.

Mr. Burton declared improper influences were exerted by bombarding senators with "inspired telegrams" rather than by interviews with them, adding that commercial organizations and individuals were often led to telegraph requests to senators at the instigation of some person with a selfish motive.

Names of a score or more men who have appeared to protest against a cut in sugar, wool, lead, meat, flour and similar duties were given by different senators, but the only one referred to as "lobbyist" was a "man named MacMurray," whom Senator Ashurst said he believed was attempting to influence action in favor of certain Indian contracts in which he was interested. Speaking of MacMurray, Senator Ashurst said: "He is the smoothest lobbyist I have ever seen. He could carry a bundle of eels up stairs without dropping a single one."

Senator Ashurst considered any man or woman a lobbyist who "buttonholed senators or members of congress and urged them to vote for certain measures or suffer reprisals in the elections."

Just before the lobby committee began taking testimony, Chairman Overman and Senator Reed conferred with President Wilson. It was said the president would not be called before the committee, but would transmit any information he might have on the subject of a lobby.

J. HENRY GOEKE

Fourth Ohio Congressman On Interstate Commerce Committee

WANT COMMITTEE NAMED AT ONCE

WANTS GOVERNMENT ARMOR PLATE PLANT

Republican Representative Says It Would Hit Steel Trust Hard.

Washington, June 3.—Demand for the appointment of a special committee to investigate and report a bill to the house providing for the erection of an armor plate plant, to be owned and operated by the government, was made in a resolution introduced in the house by Representative Barton, Republican, of Nebraska. In presenting his resolution Mr. Barton asserted that he believed its adoption will fall as a blow on the steel trust, and that the government would then secure freedom for itself from the alleged exactions of the armor plate monopolies. Although a Republican himself, Barton flatly charged that the navy department in the past several administrations has recklessly spent enough money to "feed the hungry people of the world."

GOOD THING TO END ALL LIMIT LEGISLATION

House Democrats Want Tariff and Currency Bills Passed.

Washington, June 3.—A program designed to limit the legislation of this session of congress to the passage of the pending tariff bill and the enactment of the banking and currency measure, now in course of preparation, was adopted at a caucus of the Democrats of the house of representatives. It is the understanding that the limitation thus placed on the activities of the house, which will prove more or less effective in preventing the senate from entering the field of other general legislation, has the approval of President Wilson and the senate leaders. Hope is now expressed that the monetary bill as well as the tariff bill will become a law before adjournment.

It was made plain at the caucus that few of the congressmen look for an early termination of the current session. In the course of a brief address, in which he discussed the legislative program that was adopted, Speaker Clark predicted that congress would not adjourn until Oct. 1. He let the impression that the leaders believe that the banking and currency bill as well as the tariff should be passed before adjournment.

Most of the important chairmanships are filled by members who held places in the last congress. Fitzgerald continues at the head of appropriations; Clayton of Alabama, at the head of judiciary; Adamson of Georgia, at the head of interstate and foreign commerce; Sparkman of Florida, as chairman of rivers and harbors; Padgett of Tennessee, as chairman of naval affairs, and Hay of Virginia as head of military affairs.

Ohio assignments are: Brumbaugh, insular affairs and territories; Buckley on banking and currency, Goekke on interstate and foreign commerce, Allen on postoffices, Gard on military affairs, Sharp on foreign affairs, Bingham on naval affairs, Whitacre on roads, Sherwood on pensions.

Wenston, O., June 3.—John Harkins, 61, eloped to Kentucky with Naomi Wilson, a pretty schoolgirl of only 15 years. The couple telegraphed, asking forgiveness from the girl's parents, but it is said this was refused.

STILL AFTER THE SUPERINTENDENT

Probers Say School Head Was Guilty of Indiscreet Actions.

Pittsburg, Pa., June 3.—Superintendent of Schools S. L. Heeter, whose morality was inquired into by a committee of citizens appointed by the board of education, was adjudged guilty of "making improper advances and taking unwarranted liberties" with three women, in the report of the committee made to the board. The board received the report and ordered that a copy be placed in the hands of the superintendent, that he be suspended, and that, under the provisions of the school code, he be given a hearing.

PEACE ADVOCATES PLAN COLOSSAL CELEBRATION

Representatives of Great Britain, Belgium, Canada and the United States who met in Washington to make preparations for celebrating the centennial anniversary of the signing of the treaty of Ghent, which brought the War of 1812 to an end, and the centenary of peace among the English-speaking nations. Mayor Gaynor of New York is seen in the center of the picture; on his left is Lord Wimborne, one of the English representatives, and to the right of the picture is Andrew Carnegie with uncovered head.

DUCHESS OF WESTMINSTER

The domestic affairs of the duke and duchess of Westminster have been interesting English society.

THE "RADS" LOSE IN COMMITTEES

CONSERVATIVE NAMED

Glass of Virginia Heads Banking and Currency Committee.

Washington, June 3.—The expected happened when the Democrats of the house in a party caucus ratified the nomination of Representative Carter Glass of Virginia to be chairman of the committee on banking and currency. Mr. Glass favors the passage of conservative banking and currency bill, and it is said he will fight any effort that may be made to incorporate in the proposed bill any of the legislation recommended by the Pujo money trust committee.

It was made plain at the caucus that few of the congressmen look for an early termination of the current session. In the course of a brief address, in which he discussed the legislative program that was adopted, Speaker Clark predicted that congress would not adjourn until Oct. 1. He let the impression that the leaders believe that the banking and currency bill as well as the tariff should be passed before adjournment.

Ohio assignments are: Brumbaugh, insular affairs and territories; Buckley on banking and currency, Goekke on interstate and foreign commerce, Allen on postoffices, Gard on military affairs, Sharp on foreign affairs, Bingham on naval affairs, Whitacre on roads, Sherwood on pensions.

Wenston, O., June 3.—John Harkins, 61, eloped to Kentucky with Naomi Wilson, a pretty schoolgirl of only 15 years. The couple telegraphed, asking forgiveness from the girl's parents, but it is said this was refused.

WELL, THIS IS SURELY NEWS NECESSARY COIN OBTAINED

ANOTHER PRISONER SECURES FREEDOM

GOES OVER WALLS
TO FREEDOM

Convict Makes a Sensational Escape From Prison.

Columbus, O., June 3.—Frank Cooper, 28, serving five years from Lucas county for burglary, scaled the walls at the pen and escaped. He was working under Guard O'Bryant in the yard at the women's department. He has a tattoo mark of clasped hands and a sword on his left forearm.

Cooper's escape is considered one of the most daring and yet most easily accomplished at the prison for years. Cooper hoisted a ladder to the top of the old wall, which is 20 feet high, at the east end of the outer prison yard, climbed to the top and threw the ladder back into the yard. In spite of the noise this must have created, Guard O'Bryant did not discover his prisoner missing until he strolled back a few minutes later. How the fugitive made his way from the top of the wall to the ground is a question which is puzzling prison officials. Guard O'Bryant was discharged.

Warden Thomas is considering establishing a siren alarm whistle at the penitentiary which will be blown only after a prisoner has escaped.

"PUT OUT"
OFFICE RAIDED

Federal Sleuths Declare Cleveland Concern a Fraud.

Cleveland, O., June 3.—Postoffice Inspectors raided the office of the Standard Mercantile company, a mail order grocery concern, and arrested Leopold Kahn, the proprietor, on a charge of using the mails to defraud. A warrant was also issued for Samuel Cohn, who is charged with assisting Kahn in the mail order business. It is alleged the company never shipped or intended to ship any groceries to those who sent in orders or made advance payments.

REPORT WINS OUT

SENATORS RIP UP
THE TARIFF BILL

Meats and Flour Are Knocked Off the Free List.

SUBCOMMITTEE MAKES STAND

Members, Determined On Equalizing the Raw Materials and Their Products, Decided That It Would Be Wiser to Levy Nominal Duties On Meats and Flour Than to Put Live Stock and Grain On Free List.

Washington, June 3.—Meats and flour will not go on the free list in the Democratic tariff law if the recommendation of the senate finance subcommittee in charge of the agricultural schedule is accepted.

This important alteration of the Underwood bill as it passed the house was determined upon by the subcommittee composed of Senators Williams, Shively and Gore. It was decided, in carrying out the determination to perfect the Underwood bill by equalizing raw materials and their products that it would be wiser to levy nominal duties on meats and flour products than to put live stock and grain on the free list.

In accordance with this decision, the subcommittee in revising the schedule took from the free list in the house bill fresh meats—beef, mutton and pork—and made them dutiable at 10 per cent ad valorem.

Wheat flour was restored to the dutiable list at the specific rate of 45 cents per barrel, with other wheat products at 10 per cent ad valorem, and the Underwood duty on oats was reduced from 10 cents per bushel to 6 cents per bushel, with a compensatory duty on oatmeal, said to be approximately 5 per cent ad valorem. This rate on oatmeal was not definitely determined. Cattle, sheep and hogs will be left as they are in the proposed bill, dutiable at 10 per cent ad valorem, and the Underwood duty of 10 cents a bushel on wheat will stand.

These recommendations will be made to the finance committee late this week or early next week, and the senator who propose the change believe it will have the approval of the majority members and also of the Democratic caucus.

THE ONLY GEORGE FINALLY AT BAY

COX AND OTHERS ON TRIAL

Cincinnati Financiers Charged With Violation of Banking Laws.

Cincinnati, O., June 3.—The trial of George B. Cox, financier and former political leader and four other directors and officers of the Cincinnati Trust company on the indictment charging them with violation of the banking laws, was begun in the criminal court here. The other men being tried with Cox are Nathaniel S. Keith, Fletcher R. Williams, C. V. Parrish and Charles H. Davis. A plea of not guilty was entered by each man. Four other indicted directors will be tried separately.

The charge in the indictment is that these officers and directors signed a joint note for \$352,500 in favor of the bank in 1911, upon the demand of the state banking department, to prevent the bank from going to the wall and that later they falsely marked the note as "paid" upon the books of the bank and destroyed it, whereas the note had not been paid.

ELECTRICIAN ELECTROCUTED

Toledo, O., June 3.—William McConahey of Perrysburg, electrician at the Miami power plant, that supplies electric current for Perrysburg and the Maumee Valley electric line, was electrocuted while at work. He was instantly killed when his hand accidentally came in contact with high tension wires.

COUNCIL MOVES RAPIDLY ORDERS BIG PAVING JOBS

Although Rushing Work Session Is Long One

Paving of Washington Avenue from Court to Elm Ordered by Council. Alleys in Business Section to be Paved After Long Delay—Section of Main Street and Circle Avenue Will be Improved. Dogs Come Under the Ban and Many May Die for Lack of Permit.

The regular monthly meeting of Council was held last night and as a result thereof the city records piled up amazingly through the volume of business accomplished. No one was turned down during the evening. Council was in working order. Dogs were given attention, streets were ordered paved, likewise alleys, etc., and several matters thought to have been dead these many months were trotted out, brushed up and rejuvenated.

Every member was present. The reading of previous minutes was approved and disposed of after which citizens were given a chance to make their wants known. The only outsider to ask a favor was J. A. Edge, representing the Imperial Degree Staff of I. O. O. F., who explained that it was planned to give Washington a big Fourth of July and the streets would be need for stands, etc. The boys were given all they asked except the Court and Main street corner, which the mayor desired kept clear on account of traffic. It was promised that nothing immoral will be shown on the streets and that traffic will not be interfered with.

TRAFFIC ORDINANCE

The now famous traffic ordinance passed a few weeks ago and allowed to become a law without the mayor's signature, who combed it rather roughly in a special message which he claims Council ignored, was placed on trial again. Mayor Smith explained his attitude toward the "alleged" ordinance and asked that certain sections be re-considered. He declared Washington yet a country town and needs hitching racks, for which reason he wants racks left on all but Court and North streets. Council finally accepted this view and turned the work of revision over to a committee to report at next meeting. In the discussion Durant and the mayor exchanged a few words, after the latter had declared that the legality of the ordinance had been questioned by the press. Durant held that the mayor was duty bound to proceed under the traffic ordinance until it was proven illegal and urged that violations are numerous. Mayor Smith replied that no test case had yet been made and warmly reminded Durant that he had filed no affidavit covering a violation. As to the section providing against relaxation from the rigid rules from 12 a.m. to 12 p.m. Solicitor Rankin advised that, strictly speaking, an error had been made, which could be corrected by "12 noon to 12 midnight." The bolstering will include this change and the provision that all streets under 45 feet wide shall be freed of racks and that no more racks shall ever be erected in the congested districts.

DOG ORDINANCE

The dog ordinance, backed by the Humane Society, was brought to life and pushed through. It provides for the licensing of all dogs, fee \$1.00, a record of dog by description and license number, owner; dogs not licensed to be impounded and if not claimed within 3 days to be "humanely" killed. In response to inquiry of Durant, Solicitor Rankin stated that the state law already provides for impounding of dogs as well as all other animals running at large, but does not provide for killing them.

Durant then urged passage of ordinance to kill dogs impounded 3 days and unclaimed. It was shown that this plan would bring in no revenue, and it was dropped. Durant lamented that the licensing plan gives dog right to run at large and argued that the measure is of no benefit to society.

To add to the embarrassing situation, Mayor Smith urged the clerk to again read the ordinance to enlighten Durant, who gently but firmly replied that he understood the measure. On the belief that enforcement would result in the death of 4 out of 5 dogs now in the city, the measure was passed by a vote of 4 to 2.

The committee appointed to investigate the opening of Pearl street across the B. & O. Ry., reported favorably.

The Service Director was ordered to report at the next meeting on making a fill.

BRICKING ALLEYS.

In quick succession ordinances for bricking the alleys in the business section were taken up and passed without a dissenting vote, after having drifted along for many months. To provide funds bonds of the city, bearing 6 per cent interest payable in 20 semi-annual payments will be issued, the cost to be assessed against abutting property, except the city's portion, which is small. These improvements include practically all of the alleys in the business section of the city and is the culmination of well laid plans in this direction formulated more than a year ago. Included are the following alleys: From the Midland Bank to Temple street; from rear of Arlington Hotel to Main street; from Court House to North street; from Craig Bros. store to East street; from Busy Bee Bakery, on Court street, to Hess Livery, on Market street.

BUYING UP "POINT."

The Ways and Means Committee, instructed to investigate as to the advisability of buying the "Point" on Columbus Ave., reported that no progress had been made. Committee continued. It was remarked that a citizen had come forward with a scheme to put the deal over by assessing the other property of the neighborhood which would be benefited by the clearing away of "Point" buildings.

The Law and Ordinance Committee looking into the matter of providing Washington with city scales asked for more time. Granted. The committee appointed to get figures and facts on motor fire truck made no report; committee continued.

STREET PAVING.

Measures were taken insuring the paving of Circle avenue from Fayette to Main, Washington avenue from Court to Elm and Main street from Market to Temple. The Circle Ave. job includes a 14-foot brick roadway through center, 5-foot macadamizing on each side, curbs, gutters and sidewalks. This is of ancient origin. It started so long ago that even the papers were lost. Engineer Jacobs was finally directed to go to his home and try to find the specifications. In the meantime Service Director Mark pawed through a mass of documents in search of these papers, dropping the search when Mr. Jacobs returned with the goods. Council passed the resolution unanimously, in this, as in all other cases, suspending the rules and placing legislation on second and third readings and passage. In practically every instance property owners are given 20 semi-annual payments in which to meet the costs assessed and bonds bearing 6 per cent will be issued.

The multiplicity of improvements coming on, in which the city will be called upon to pay for street intersections, etc., has caused some speculation as to where the money will come from. Auditor Pine advised that only about \$800 is available for street purposes and suggested that in issuing bonds an additional amount be added to tide the city over in each instance, this because it is impractical at this time to establish a good sized city portion fund. This plan was adopted. Mr. Pine reminded council that \$500 of the \$5,000 secured by bond issue some time back for street work falls due in September and regularly every 6 months thereafter.

The paving of Main street, between Market and Temple went through without hitch.

The street will be paved its full width with hard burned brick at a cost estimated at \$7.65 per front foot. The plan originally contemplated a park way through the center of the street, but this was dropped.

On the advice of Solicitor Rankin an ordinance will be passed requiring the laying of lead water pipes connecting at regular intervals, likewise gas and sewer connections, before the street paving is done. Separate ordinances of this kind will be necessary in every paving instance to assist the service director in letting the jobs, which cannot be assessed against the property. Once down it is proposed to bar the opening of the street for a period of 10 years.

The proposed paving of Washington Avenue from Court to Elm street brought out the determined stand taken by council, which passed a resolution to proceed under a necessary ordinance notwithstanding Atty. Sanderson presented a remonstrance held that in litigation the courts will decide that no necessity exists. Durant asked if it was meant that a judge was more competent to decide

that many who had signed the remon-

strance were also signers of the original petition to improve the street, but that they did so through misund-

standing as to the cost, which was

estimated to some as low as 80c per

foot. It is now definitely known that

the cost will be \$4.00 per foot. After

some parley the remonstrance was ac-

cepted and filed, following which it

was decided, by Council to go ahead

with the improvement, without regard

to the objections. Cox declared that

Council had already granted the peti-

tioner's request and that it is now too

late to remonstrate. The improve-

ment contemplates the paving of the

street to a width of 28 feet with brick.

To ease the hardship on some

of the poorer people on the east end

of the street, the payments were in-

creased from 10 to 20 semi-annual

installments. Sanderson, for the re-

monstrators, urged a cheaper im-

provement, mentioning new street

making material now being used in

Dayton and other places. He also

argued that for Council to proceed

with the paving against the wishes of

the majority of the owners under

a necessitating ordinance, Council

would be called on to prove that the

health convenience and public wel-

fare actually demands the paving of

the street, and ventured that not

even Councilmen would swear to

that.

Durant questioned Sanderson on

the establishment of necessity, and

was told that it is strictly a matter

of evidence, the same as in the loca-

tion of a county ditch. Sanderson

held that in litigation the courts will

decide that no necessity exists. Dur-

ant asked if it was meant that a

judge was more competent to decide

that many who had signed the remon-

strance were also signers of the origi-

nal petition to improve the street,

but that they did so through misun-

derstanding as to the cost, which was

estimated to some as low as 80c per

foot. It is now definitely known that

the cost will be \$4.00 per foot. After

some parley the remonstrance was ac-

cepted and filed, following which it

was decided, by Council to go ahead

with the improvement, without regard

to the objections. Cox declared that

Council had already granted the peti-

tioner's request and that it is now too

late to remonstrate. The improve-

ment contemplates the paving of the

street to a width of 28 feet with brick.

IN SOCIETY

The actors' club has issued invitations for the annual commencement dance at the Pythian Castle, Thursday evening, June 12th.

Music will be furnished by a saxophone orchestra.

The commencement dance is always one of the gayest Terpsichorean affairs of the year, with a bunch of college people just home, and commencement week bringing to town many visitors, who remain for the dance.

Mrs. Howard Griffis and Mrs. Jas. Ford followed their card party of Saturday with a tea in the parlors of the Cherry hotel Saturday afternoon.

It was a beautiful tea, with a wealth of flowers, lovely music and spontaneous cordiality contributing to make it pleasurable. Splendid white peonies in bowls and jardinieres were particularly effective in the parlors, where the hostesses received.

The tea table had for its central embellishment an exquisite basket of Ward roses upon a base of smilax. Pouring were Mesdames J. F. Dennis, Elmer Baughn, George Jackson and Emma Grove. Also assisting in the hospitalities were Mrs. C. E. Page, Misses Emma McDonald and Emma Jackson.

Messrs. Frank Horstman and Richard Ramsey furnished splendid music which was greatly enjoyed throughout the afternoon.

Mrs. Ned Poage, of Ashland, Ky., was an out-of-town guest.

A beautiful six o'clock dinner was given by Miss Louise Weaver in honor of one of tomorrow's brides, Miss Mabel Calvert, at the suburban home of Mr. and Mrs. Edwin Weaver Monday night.

Pink and white tones were carried out in every detail of decoration and the elaborate courses served. The table was extremely pretty with adornment of pink roses, pink candle shades and greenery.

Noble has purchased property. They have the best wishes of their friends.

Dr. Harry Roberts, son of Mr. and Mrs. Charles Roberts, was married to Miss Madge Allen, a charming Columbus girl, at the home of the bride in the capital city Monday, at one o'clock in the afternoon.

It was a quiet family affair, but artistic in all its appointments. Rev. Perrin, of the Presbyterian church, officiated.

The bride wore a clinging white crepe gown, with garniture of real lace.

Dr. and Mrs. Roberts left at once for a short trip to Buffalo, N. Y., Cleveland and the lakes. They expect to return to this city the last of the week and will reside in the Marks double house on N. North St.

The bridegroom belongs to prominent Fayette county families and is already successfully launched in his chosen profession of veterinary surgery, graduating from the O. S. U. two years ago. A host of friends will await the return of the young couple to offer all good wishes.

Mr. and Mrs. Charles Roberts and daughter, Miss Blanche, Mrs. Margaret Colwell and Mr. Walter Roberts went up from here to attend the wedding.

PERSONAL PARAGRAPHS

The M. G. H. club of girls was delightfully entertained by Misses Golda Baughn and Hattie Pinkerton Monday night at the home of Miss Baughn.

During the social evening there was an informal program, to which Mrs. L. Bowman contributed a reading and Miss Mary Wilson vocal solos, Miss Baughn accompanying. A delicious luncheon was served.

Creating quite a little surprise among the friends of Mr. Earl Noble and Miss Nellie Miller was the announcement of their marriage on March 1st. They were married in Covington by Rev. Moore of the Madison Avenue Presbyterian church. The young people will go to housekeeping in Millwood where Mr.

Mr. and Mrs. George Davidson and little son came down from Columbus this evening to be the guests of Mr. and Mrs. J. H. Chapman for the Blessing-Calvert wedding.

Miss Essie Larkins, of New Martinsburg, and Misses Hazel and Edith Pfeifer of this city, returned Sunday from several days' visit with friends in Springfield.

Miss Nannie Highland is spending the week with relatives near Greenfield.

Mrs. W. O. Holmes, of Augusta, Ky., will be the guest of Mrs. Carrie B. Willis and Miss Florence Ogle during commencement week.

Mrs. Ora F. Lukens, of Middleton, has been called to Jeffersonville by the death of her step son, Mr. Byron Lukens.

Mrs. Joseph H. Harper went to Columbus Tuesday morning to attend the graduating exercises of the Columbus School for Girls, her daughter, Miss Helen, being one of the graduates.

Miss Hilda Kyle is entertaining Miss Ruth Sheldon, of Columbus.

Mrs. Lillie Collins arrived from Clarksburg Tuesday to visit her parents, Mr. and Mrs. John Hickel, at Johnsons Crossing and to attend the wedding of her sister, Miss Elva Hickel and Mr. Bennett E. Kelley Wednesday.

Miss Lulu Theobald is spending today in Columbus.

Mr. and Mrs. Herbert Lewis, of Bloomingburg, are the guests of Mrs. Lewis' mother, Mrs. J. L. Chapman for the Blessing-Calvert wedding.

Judge Garrett Claypool, of Chillicothe, was here to attend the funeral of Mrs. George Rittenhouse Monday.

Dr. and Mrs. A. H. Beam, Mr. Moses Calvert and Mr. and Mrs. Will Calvert are guests at the home of Mr. Spencer Calvert for the wedding of Miss Mabel Calvert and Mr. Frank Blessing.

Miss Louise Weaver is entertaining a house party, her guests being Miss Ruth Sheldon, of Columbus; Miss Hilda Kyle, Louise Ballard and Mary Craig.

Mr. and Mrs. Frank Hamilton, of Columbus, are the guests of Mr. and Mrs. Walter Hamilton for the Blessing-Calvert wedding Wednesday.

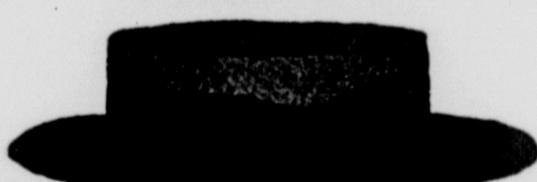

Mr. Herbert Leach returned to his work at Middletown Tuesday morning after spending a couple of days with his family on North North St.

Mrs. Luella Herbert and son, Logan, and Mr. Walter Robinson returned to Columbus Monday after a visit at the home of Mr. Roy Heglar.

Misses Margaret Geiger, of Troy, is the guest of Misses Elizabeth and Louise Ballard Tuesday and goes on to Springfield Wednesday for the wedding of her cousin, Mr. Robert Geiger.

Judge R. M. Abernathy, of Circleville, is a business visitor here today.

Mr. W. A. Tharp was called to Columbus Tuesday on business.

SUMMER STRAWS

Yes, we have them in any shape or style desired.

Split Straws, Sennit Straws, Bangoks and Panamas.

Some like the wide brim and low crown, while others prefer the racy little English "Bowler."

We know hats from A to Z and we'll fit your face and figure as well as your head.

If you're interested in a real "hat service" come around. We won't sell you a hat unless it fits all over.

Straw Hats \$1.50, \$2 and up

Panamas \$5.00 and up

A drowning man may grab any old straw, but I'll get my summer bonnet from Wilkin's.

Why swelter 'neath the summer sun when you can be cool and comfortable in a perfect fitting Superior Union Suit.

There's a size for every man—be he tall or short, fat or thin.

\$1.50 to \$4.50

BIG DAMAGE CASE
IN HANDS OF JURY

The trial of the case of Lottie Harmon against The Larrimer Laundry company, the trial of which has been occupying the attention of the Common Pleas court during the last week was submitted to the jury at noon Tuesday.

At the conclusion of the arguments of Chas. A. Reid for the plaintiff and John Logan for the defendant, Judge Carpenter delivered his charge to the jury.

The action was one to recover \$5000 damages for injuries which the plaintiff sustained while working as an employee in the steam laundry of the defendant company.

Have You Been Reading Them?

The Herald is printing a series of articles, one each day, on the very much talked of and but little understood law on municipal government.

Under the constitutional amendment adopted last September by the voters of the state, the legislature was given authority to enact the laws necessary to vest in the municipalities throughout the state, greater powers along the line of adopting plans of government more in accordance with the requirements of each community.

There are several plans of municipal government now available under the constitutional amendment and the legislation of the last General Assembly.

Whether the people of any community desire to adopt one of the new plans or remain under the present system is entirely optional with the voters of each community.

With a view to enabling the people of Washington to more clearly understand these questions The Herald began last Thursday the publication of the series of articles on the subject.

Day by day, until the various plans, their advantages and disadvantages, their adaptability and their lack of fitness have been made plain, the subject will be discussed.

The articles on this important subject will be interesting and the good effect of a thorough understanding cannot be overestimated.

Read up now.

Secretary McAdoo's Plan

Anticipating the heavy call on the banks of the country to move the vast crops and to provide against a possible money stringency, owing to the heavy crops and anticipated changes in the tariff laws, Secretary of the Treasury McAdoo has made preparations to place with the banks, to be distributed pro rata ten million dollars of the money in the government treasury.

In commenting upon this novel procedure, banking authorities see nothing new in the plan save the time of putting it in operation.

When Secretary McAdoo gets the ten million dollars of Uncle Sam's money distributed he will have done what other secretaries of the treasury have done. Those who have stood at Mr. McAdoo's post of duty, however, have always refrained from taking such a step until the actual contingency arose. Secretary McAdoo now proposes to "do it first."

He evidently believes that a preventative is better than a cure, that it is better not to have trouble, if it can be prevented, and that if Uncle Sam's millions, properly distributed, will rescue the people from a panic it will work just as well to prevent one.

This all sounds well as a theory and may work out just as satisfactorily as the secretary anticipates.

It is to be hoped that it will and using an old plan in a new way may be a potent factor in jolting the recurring periods of financial stringency out of their orbit.

System of Society Is Rotten From Top to Bottom

By Dr. ALFRED RUSSEL WALLACE, English Scientist

We see a continuous advance of man's power to utilize the forces of nature to an extent which surpasses everything he had been able to do during all the preceding centuries of his recorded history.

We also see that the result of this vast economic revolution has been ALMOST WHOLLY EVIL.

We see millions still struggling in vain for a sufficiency of the BARE NECESSARIES of life (which in their misery is all they ask), often culminating in actual starvation or in suicide, to which they are driven by the dread of starvation.

And while all this goes on in the depths a little higher up, among the middlemen distributors of the necessities and luxuries of life, bribery, adulteration and various FORMS OF PETTY DISHONESTY ARE RAMPANT.

And, finally, our administration of what we call "justice" (and of which we are so proud because our judges cannot be bribed) is utterly unjust because it is BASED ON A SYSTEM OF MONEY VIES at every step.

TAKING ACCOUNT OF THESE VARIOUS GROUPS OF UNDOUBTED FACTS, MANY OF WHICH ARE SO GROSS, SO TERRIBLE, THAT THEY CANNOT BE OVERSTATED, IT IS NOT TOO MUCH TO SAY THAT OUR WHOLE SYSTEM OF SOCIETY IS ROTTEN FROM TOP TO BOTTOM.

Poetry For Today

GENTLE WOMAN.

Woman, gentle woman! She's an angel without wings
(When she doesn't fret or scold).
She's the loveliest and sweetest of all
sweet and lovely things
(If she isn't plain or old).
A brought halo glimmers o'er her;
Man is glad to kneel before her
And obey her and adore her
(If she isn't big and bold).

Woman, gentle woman! She can conquer with her sighs
(If she cares to keep her place).
She can be man's guide, no matter how sublime he is or wise
(If she has a pretty face).
She can save him from perdition,
She can bring to sweet fruition
His most glorious ambition
(If she clings to girlish grace).

Woman, gentle woman! All she wants she may possess
(If she's young and sweet and fair).
With a word she brings contentment,
With a smile relieves distress
(If she knows just what to wear).
Man is glad to give treasure
For her comfort and her pleasure,
And to worship without measure
(If she doesn't smash and tear).
—Chicago Record-Herald.

Weather Report

Washington, June 3.—Ohio and Indiana—Fair Tuesday; Wednesday unsettled; light variable winds.

Illinois—Cloudy Tuesday, probably followed by showers by night; Wednesday fair; light to moderate variable winds.

Tennessee and Kentucky—Probably fair Tuesday and Wednesday.

West Virginia—Fair Tuesday; Wednesday increasing cloudiness.

Lower Michigan—Cloudy Tuesday; fair Wednesday; light variable winds.

INTERESTING BITS OF NEWS

(By John E. M. Kerr.)

Secretary Bryan is not too busy these days with affairs of state to do the marketing for the Bryan household. Almost any morning the secretary of state may be seen in a Washington market place with a large basket swinging from his left arm.

Millions of tons of high grade anthracite coal has been discovered near Colon, Panama, and within eighty miles of deep water transportation. The coal was found through native Indians by J. Hyatt, former vice consul of Panama. Mr. Hyatt is said to be organizing a big Latin-American company to develop the field.

Attractive little booklets are issued by the Los Angeles Public Library giving lists of its books on subjects of special interest to some one class of people. They are convenient size to keep for reference, and in each one the subject is sub-divided so that a person may see at a glance on how many places of the subject the library contains books. For instance, glancing over the booklet entitled, "Domestic Science Books", one finds these sub-topics "Domestic Economy," "House Decoration," "The Hostess," "Food," "Cookery," "Dressmaking" and "Laundry".

When the vice-president of the United States announced that "\$1800 a year" is the maximum amount he will pay for house-rent while in Washington, the real estate agents eager to lease property at much higher figures are impressed with the fact that this is indeed a Democratic administration. —Exchange.

Sentimental persons from many far-away cities and some foreign countries, arrived in New York one day last week prepared to spend their last night at the Astor house, which is to be demolished for the building of a subway. The famous down-town hotel closed at midnight Thursday though, without an extensive celebration. There was a real old-fashioned dinner to special guests

From Pittsburgh comes a report that the Pennsylvania Mexican Fuel Company, has bought in an oil well good for between 25,000 and 26,000 barrels a day. This biggest gusher is reported to be located 25 miles from the gulf and 125 miles south of Tampa.

250 students in a total of 460 enrolled in Adelbert College, Western Reserve university earned money to pay or help pay expenses of their education this year. They were salesmen, clerks, waiters, lawn and garden men, elevator men, ushers, cashiers, reporters, teachers, musicians, etc. One student who plays a violin, is said to have earned \$1000 last year. Altogether this body of young men earned over \$50,000.

The class of 1913 have issued very handsome invitations for the commencement Thursday night at Grace M. E. church. The invitations are in shaded Old English with raised class numerals.

Arthur Wayland Evans of the Redpath Lecture Bureau, one of the prominent lecturers of the country will deliver the class address and the High School Glee clubs will furnish the music.

It will be an enjoyable commencement and the public is invited to attend.

Admission 25c.

RELICS IN OLD INDIAN GRAVE.

Oregon Workmen Uncover Interesting Mementoes of Hudson Bay Company.

Oregon City, Ore.—While digging a drain ditch on the west bank of the Willamette river about a mile south of Oregon City workmen uncovered an old Indian grave.

In the grave, which from its position is known to be at least 100 years old, were found an old bear trap and a flint lock rifle, both of which bore the mark of the Hudson Bay company. The bear trap is in a good state of preservation, but the rifle has been rusted into three pieces. Besides the rifle and trap there also were found fifty feet of glass and copper beads and a stone tomahawk.

\$1.00 In Shirt to Laundry. Atchison, Kan.—J. W. Kelso of East Atchison came very near having a laundry bill of \$1.00.12 for getting one shirt washed in a local laundry. There was \$1.00 in the pocket of the shirt in checks and cash when Kelso sent it to the laundry, but missed it and recovered it before it was put in the wash.

Educating Blind Deaf Mutes Accomplishes Many Wonders

Photos by American Press Association.

TEACHING blind deaf mutes is one of the wonders of the twentieth century, so remarkable are the strides that have been made. The case of Miss Helen Keller is only one specific instance—though a striking one—of what is being accomplished. Modern scientific methods make the blind not only see, hear and talk through the delicate sense of touch, but enable them really to enjoy life and do an active work in it. These interesting pictures show how the afflicted are taught in the playroom and schoolroom of the blind deaf mutes school at Newawes, Germany.

SERIOUS CHARGE

PUBLISHER IN TROUBLE

Charged With Sending Improper Matter Through the Mails.

Columbus, O., June 3.—John R. Cartright, publisher of a local paper at West Jefferson, O., near this city, was arrested, charged with sending obscene pictures and reading matter through the mails. It is alleged that he confessed to Postoffice Inspectors Robinson and Anger, who did the sleuth work, that he had conducted a business of selling obscene matter for several years. He advertised in magazines and filled orders by mail, with the address of Columbus. Cartright was released on bond of \$500 and will be arraigned before Commissioner Johnson. Bundles of pictures and books which were seized in the raid of his printing office were presented to the federal grand jury, which convened today.

NOTHING DOIN'

NO PROBE OF GEE CASE

Senate Tables Senator Burton's Resolution of Inquiry.

Washington, June 3.—By a straight party vote of 38 to 23, the senate tabled Senator Burton's resolution calling for an inquiry into the appointment of George H. Gee as postmaster at Salem, O., with particular reference to the charge that Gee was appointed as the result of a deal he made with Congressman Whitacre, whereby he agreed to run "a genuinely Democratic newspaper" in Salem. Senator Burton declares he will carry the matter to the White House.

ACTOR IS DROWNED

Cincinnati, O., June 3.—In an attempt to get to the Lagoon theater at Ludlow, Ky., where they were to have appeared in a performance, John A. Thurston, an actor of New York, was drowned when his motorboat, in which he was riding with his wife, capsized when it collided with a fleet of coal barges. Mrs. Thurston was rescued.

HIS OWN MEDICINE

Portsmouth, O., June 3.—Former Judge A. Z. Blair, who disfranchised hundreds of voters in Adams county, was fined \$5 for contempt of court by Judge Thomas here. Mr. Blair and Attorney Theodore S. Funk got into a wrangle and the court imposed a \$5 fine on each. The fines were paid.

Canton, O., June 3.—The plant of the Canton Daily News was destroyed by fire. The loss is estimated at \$60,000. The fourth story of the building collapsed and the interior of the other floors was burned out.

FOUND ROOSEVELT A TRACTABLE CLIENT.

Detroit, Mich., June 3.—"I never hope to have a better client than Colonel Roosevelt," said Attorney James H. Pound, who is back from Marquette, where he upheld the ex-president's end of the libel suit against George A. Newell, the Ishpeming publisher, winning 6 cents damages for the colonel. "I was given to understand that I would have a bucking broncho on my hands in the colonel, but I found him very amenable," continued Mr. Pound. "We disagreed on the question of damages. I saw that we had a cinch on the case, but Roosevelt was determined to be generous to Newell and overruled me."

Negro Attacks Child.

Cleveland, O., June 3.—After being rescued from violence at the hands of an angry crowd, W. F. Robinson, a negro, was arrested, charged with attempting an assault on Mary Reese. The child's screams brought help, and soon a crowd had gathered. A squad of police arrived just in time to save the negro.

Recommend Waldo's Removal.

New York, June 3.—The Curran aldermanic committee, by a division of 4 to 3, two Republicans not voting, adopted the first section of its report to the board of aldermen, recommending that the board ask Mayor Gaynor to remove Police Commissioner Wal-

do.

FARMER MAKES APPEAL FOR CONCERTED ACTION

Urge Every Citizen To Sign Petition

Points Out Benefits of State's War on Hog Cholera and the Golden Opportunity Offered Fayette County, the Banner Hog County of Ohio, to Secure the Favor of the State Board of Agriculture.

In view of the contest now waging in this county for the purpose of interesting the Ohio State Board of Agriculture in deciding to use its appropriation of \$20,000 in this county, to demonstrate conclusively that hog cholera can be stamped out, Mr. Hugh K. Stewart, one of the most successful hog raisers of the state has penned an article addressed to all of our citizens.

Mr. Stewart is a firm believer in the efficiency of the serum and virus produced by the state authorities and he has used it continuously for several years with splendid results.

It is his intention to keep on using this treatment in the future, notwithstanding what may be the outcome of the present effort to secure the whole of this appropriation for use in Fayette county.

In this fight, however, he is in the front rank, working to bring about the success of this movement,

and he has solicited signatures to the petitions from the first.

Like many others, Mr. Stewart believes that an avalanche of signatures of Fayette county people, laid before the Board of Agriculture, of which Mr. Jesse F. Cross, of this city, is a member, will furnish the means of inducing that

body to view our claims most favorably and to select this county as the testing ground in the greatest effort Ohio has ever made to conquer disease.

Mr. Stewart's letter follows:

During the session of the last General Assembly of Ohio, at the suggestion of the Federal government, the legislature made an appropriation of \$20,000 to be used in one county in the state to clean it of hog cholera.

Fayette county is the greatest hog producing county in Ohio, and during the year 1912 suffered the heaviest loss from hog cholera of any county in the state.

If the farmers will wake up to the fact, that they have more than a fighting chance to get the \$20,000 used in Fayette county, they certainly will leave nothing undone to secure it.

It means that every hog in the county will be immunized

free with the serum and virus made by the state.

The work will be done not only by competent men from the state veterinary department, but also

doctors supplied by the Federal government.

The simultaneous treatment for the prevention of hog cholera, was originated by Dr. Dorset of Washington, D. C., in the employ of the Federal government.

After making the discovery he was sent to Agnes, Iowa, where the government station is located, and in connection with Dr. Niles, of the Agnes station,

made the first experiments, which have since proven to be the only prevention for hog cholera known to man.

Dr. Dorset was at Columbus

week before last consulting with the state veterinary in regard to eradicating cholera from some one county in this state. There are a number of other counties working for this appropriation, and the size of the petition will determine which county will get it.

I began using the state treatment in my herd, the spring of 1910. Since then we have sold hundreds of hogs for breeding purposes, many of them going into herds infected with cholera, and I have not heard of the loss of a single hog from cholera. In fact, have had several persons tell me they lost all other hogs, but the ones that came from my herd. Many breeders of pure bred hogs are using the state treatment satisfactorily and consider it a safe and cheap insurance.

In our own county, Mr. Ed Klever, one of the most prominent Poland China breeders in the state, has been using the treatment for three years. Men like Mr. Frank Parrett, Messrs. Howard and Roy Hegler and many others who market large numbers of hogs every year, have been using this treatment successfully.

This goes to show that the treatment is past the experimental stage.

Every farmer knows there is more profit in feeding his grain to stock than hauling it to market. At the present time cholera is raging in many parts of this county. It is the same story each year; one man escapes cholera one year, but may get it next year. The only safe plan is to keep your herd immune.

Several petitions are being circulated through the county. I appeal to every man

(regardless of his business) who has the interest of Fayette county at heart, to sign this petition.

Yours for "better hogs and more of them."

HUGH K. STEWART

REV. W. I. CAMPBELL HAS ACCEPTED CALL

Rev. William Irwin Campbell, former pastor of the Presbyterian church of this city, has accepted a unanimous call to the Sherwood church of Washington, D. C.

The call is one which will undoubtedly be particularly acceptable to Rev. Campbell, as it permits him to remain in his home city and also to be closely in touch with the manufacture of the promising patents recently secured by Rev. Campbell on his invention for a money changing cash register.

Rev. Campbell's many warm friends in this city are sincerely gratified to learn of the call.

CITY COUNCIL TAKES INITIATIVE TO SETTLE THE GOVERNMENT PLAN

Acting under the authority of the municipal home rule amendment to the constitution the City Council on Monday night passed a resolution directing City Solicitor Rankin to prepare and submit to Council the ordinance necessary to pass to submit to the voters of the city the question, "Shall a Commission be Elected to Frame a Charter?"

Every member of Council voted for the resolution. Not a dissenting vote was recorded.

At the election, if Council passes the ordinance on the question of whether a charter shall be framed for the city the voters shall select from any number of candidates nominated by any group of men desiring to place candidates in the field, fifteen men who shall compose the charter commission.

If a majority of the voters vote "yes" then the fifteen men who receive the highest number of votes are declared the Charter Commission, and if a majority vote "no" the whole matter ends then, and there is, of course, no charter commission.

The City Council has taken the initiative and unless there is some change of front, Washington citizens will soon vote on a new form of city government.

City Solicitor Rankin says that he will proceed at once with the work of drafting the necessary ordinance and have it ready for presentation to Council at the next meeting, or sooner, if called for.

AUTO FIRE ENGINE? OFFICIALS JOURNEY ON INSPECTION TOUR

Winton Place Is Visited Today by Safety Director and Councilmen to See Big Machine at Work.

Safety Director Os McLellan, Mayor or Harve W. Smith, Councilmen Wm. Sheets, F. M. Rothrock, John Durant, J. Earl McLean and George Cox went to Winton Place today for the purpose of looking over and seeing in operation an auto fire fighting apparatus.

Local officials have for some time been studying the question of how to better the fire fighting facilities of the city.

The question of what to buy in view of conditions in this city, especially in view of the condition of the streets and avenues has been a difficult one and the matter of purchasing new apparatus has hung fire now for over a year since the necessity to better the facilities has been declared.

An up-to-date automobile apparatus seems right now to have the call and that the officials are thinking seriously of annexing the city to such a fire fighter is evidenced by today's visit.

Winton Place, a suburb of Cincinnati, has a condition of streets very similar to the conditions here, and the officials have concluded, wisely too, it would seem, that what is good for Winton Place would be just about right for Washington.

The junket today gives quite a boost to the hopes of the people who are anxious for better fire fighting facilities.

DEATHS

LUKENS

Byron Lukens, son of the late A. B. Lukens, of Moyock, N. C., died Monday night at 7 o'clock, at the home of his grandmother, Mrs. Wm. Ervin, four miles east of Jeffersonville.

The death of this young man at the age of 25 years, seems particularly sad and arouses the deep sympathy of many friends of the Lukens family.

Mr. Lukens was completing his course at the O. S. U. when taken ill a year ago and finally succumbed after twelve months' fight with tuberculosis. His brother, Dr. Ray Lukens of Hillsboro, was with him when he died. Mrs. A. B. Lukens and children arrived from Middlebury Monday night.

The funeral will be held Wednesday at 2 p. m. (sun time) at the Ervin residence. The burial will be made in the Whiteman cemetery at the rear of the Ervin farm.

City Charter For Washington?

If The People of This City Desire to Avail Themselves of a New Form of Government, Here Is Another One of the Methods of City Government That May Be Adopted.

The Commission Plan

The commission plan of municipal government is patterned after the organization of a corporation. It is based upon the theory that a city is primarily a business institution, and hence ought to be run as such. The plan of organization which is universal in the business world is, therefore, copied in the form of government which has as its purpose the introduction of purely business methods into municipal government.

In the place of the mayor and council, the city has a commission, consisting of five, seven or nine members. They correspond to the board of directors of a corporation. They run the city. The voters have the right to repeal any legislation they may pass, by the use of the referendum, or to introduce any proposed legislation they may refuse to introduce by the use of the initiative, or to remove any member of the commission by the use of the recall.

The commissioners are all elected at large, instead of by wards, as are the councilmen in the federal plan. In the commission plan, the city is considered an organic whole, and what it does, it does as a unit, the theory being that what is good for the city as a whole is good for each separate part of the city.

The commission appoints all the other officers of the city, makes the appropriations, legislates for the municipality, and is responsible for the mistakes which occur in the management of the city. Each commissioner is the head of a department, but his appointments and expenditures must be approved by the commission.

The members of the commission are nominated and elected at non-partisan primaries and elections. Their terms of office differ as to length, in various cities, but as a rule, the commissioners are elected for two, three or four years.

The commission plan was first introduced in America at the time of the rehabilitation of Galveston, Texas, following the flood there. But a few cities in the country claim to have adopted an improvement upon it. It is known as the city manager plan. That plan will be described Wednesday evening.

A CLASSIFIED ADV. WILL SELL IT

EMINENT ORATORS AT G.A.R. MEET

SENATOR J. B. FORAKER, governor Cox, Colonel John McElroy of Washington, D. C.; Hon. W. R. Warnock, Hon. Washington Gardner of Michigan, and General J. Warren Keifer of Springfield along with National Commander A. B. Beers and Department Commander Blodgett, will be among the leading orators at the Ohio State G. A. R. encampment, to be held at Washington C. H., Ohio, June 16 to 20, inclusive. Senator Foraker will speak four times on Wednesday, June 18; Governor Cox, Congressman Washington Gardner, National Commander Beers and State Commander Blodgett, Colonel John McElroy, General J. W. Keifer, and other eminent orators of national fame, will speak on Wednesday and Thursday. There will also be speaking Tuesday, June 17. All are cordially invited to attend, as there will be ample entertainment for many thousands of visitors.

SENATOR BURTON IS FIRST TO COMMITTEE WITH A LIST

WILSON WILL NOT GO ON THE STAND

Will Transmit Information Regarding Tariff Lobby.

SENATORIAL PROBE UNDER WAY

Burton of Ohio Submits Long List of Tariff Champions Who Had Talked With Him, but Declares None Was a Lobbyist—Senator Ashurst Refers to One Man as a Smooth Article.

Washington, June 3.—The senate investigation into the lobby against the tariff bill, which President Wilson characterized as "numerous, inidious and insidious," is under way.

Senator Burton of Ohio furnished the longest list of names of tariff champions of any of the 15 senators examined. Burton's list included more than a score of names, nearly all of whom were Ohioans. The Ohio senator concluded his testimony, however, with the statement that none of the men who had seen him was a lobbyist in the popular acceptance of the term, but that all were men directly interested in the tariff, who sought merely to present their arguments in a manner perfectly open and above board.

Mr. Burton declared improper influences were exerted by bombarding senators with "inspired telegrams" rather than by interviews with them, adding that commercial organizations and individuals were often led to telegraph requests to senators at the instigation of some person with a selfish motive.

Names of a score or more men who have appeared to protest against a cut in sugar, wool, lead, meat, flour and similar duties were given by different senators, but the only one referred to as "lobbyist" was a "man named MacMurray," whom Senator Ashurst said he believed was attempting to influence action in favor of certain Indian contracts in which he was interested. Speaking of MacMurray, Senator Ashurst said: "He is the smoothest lobbyist I have ever seen. He could carry a bundle of eels upstairs without dropping a single one."

Senator Ashurst considered any man or woman a lobbyist who "buttonholed senators or members of congress and urged them to vote for certain measures or suffer reprisals in the elections."

Just before the lobby committee began taking testimony, Chairman Overman and Senator Reed conferred with President Wilson. It was said the president would not be called before the committee, but would transmit any information he might have on the subject of a lobby.

J. HENRY GOEKE

Fourth Ohio Congressman On Interstate Commerce Committee

WANT COMMITTEE NAMED AT ONCE

WANTS GOVERNMENT ARMOR PLATE PLANT

Republican Representative Says It Would Hit Steel Trust Hard.

Washington, June 3.—Demand for the appointment of a special committee to investigate and report a bill to the house providing for the erection of an armor plate plant, to be owned and operated by the government, was made in a resolution introduced in the house by Representative Barton, Republican, of Nebraska. In presenting his resolution Mr. Barton asserted that he believed its adoption will fall as a blow on the steel trust, and that the government would then secure freedom for itself from the alleged exactions of the armor plate monopolies. Although a Republican himself, Barton flatly charged that the navy department in the past several administrations has recklessly spent enough money to "feed the hungry people of the world."

GOOD THING TO END ALL LIMIT LEGISLATION

House Democrats Want Tariff and Currency Bills Passed.

Washington, June 3.—A program designed to limit the legislation of this session of congress to the passage of the pending tariff bill and the enactment of the banking and currency measure, now in course of preparation, was adopted at a caucus of the Democrats of the house of representatives. It is the understanding that the limitation thus placed on the activities of the house, which will prove more or less effective in preventing the senate from entering the field of other general legislation, has the approval of President Wilson and the senate leaders. Hope is now expressed that the monetary bill as well as the tariff bill will become a law before adjournment.

It was made plain at the caucus that few of the congressmen look for an early termination of the current session. In the course of a brief address, in which he discussed the legislative program that was adopted, Speaker Clark predicted that congress would not adjourn until Oct. 1. He let the impression that the leaders believe that the banking and currency bill as well as the tariff should be passed before adjournment.

STILL AFTER THE SUPERINTENDENT

Probers Say School Head Was Guilty of Indiscretions.

Pittsburg, Pa., June 3.—Superintendent of Schools S. L. Heeter, whose morality was inquired into by a committee of citizens appointed by the board of education, was adjudged guilty of "making improper advances and taking unwarranted liberties" with three women, in the report of the committee made to the board. The board received the report and ordered that a copy be placed in the hands of the superintendent, that he be suspended, and that, under the provisions of the school code, he be given a hearing.

PEACE ADVOCATES PLAN COLOSSAL CELEBRATION

Representatives of Great Britain, Belgium, Canada and the United States who met in Washington to make preparations for celebrating the centennial anniversary of the signing of the treaty of Ghent, which brought the War of 1812 to an end, and the centenary of peace among the English-speaking nations. Mayor Gaynor of New York is seen in the center of the picture; on his left is Lord Werdale, one of the English representatives, and to the right of the picture is Andrew Carnegie with uncovered head.

DUCHESS OF WESTMINSTER

The domestic affairs of the duke and duchess of Westminster have been interesting English society.

THE "RADS" LOSE IN COMMITTEES

CONSERVATIVE NAMED

Glass of Virginia Heads Banking and Currency Committee.

Washington, June 3.—The expected happened when the Democrats of the house in a party caucus ratified the nomination of Representative Carter Glass of Virginia to be chairman of the committee on banking and currency. Mr. Glass favors the passage of a conservative banking and currency bill, and it is said he will fight any effort that may be made to incorporate in the proposed bill any of the legislation recommended by the Pujo money trust committee.

Most of the important chairmanships are filled by members who held places in the last congress. Fitzgerald continues at the head of appropriations; Clayton of Alabama, at the head of judiciary; Adamson of Georgia, at the head of interstate and foreign commerce; Sparkman of Florida, as chairman of rivers and harbors; Padgett of Tennessee, as chairman of naval affairs, and Hay of Virginia as head of military affairs.

Ohio assignments are: Brumbaugh, insular affairs and territories; Buckley on banking and currency, Goekke on interstate and foreign commerce; Allen on postoffices, Gard on military affairs, Sharp on foreign affairs, Bathrick on naval affairs, Whitacre on roads, Sherwood on pensions.

Winston, O., June 3.—John Harkins, 61, eloped to Kentucky with Naomi Wilson, a pretty schoolgirl of only 15 years. The couple telegraphed, asking forgiveness from the girl's parents, but it is said this was refused.

COMPLETE SWITCH
WILL BE RESULT
IF THE COMMITTEE
REPORT WINS OUT

SENATORS RIP UP THE TARIFF BILL

Meats and Flour Are Knocked Off the Free List.

SUBCOMMITTEE MAKES STAND

Members, Determined On Equalizing the Raw Materials and Their Products, Decided That It Would Be Wiser to Levy Nominal Duties On Meats and Flour Than to Put Live Stock and Grain On Free List.

Washington, June 3.—Meats and flour will not go on the free list in the Democratic tariff law if the recommendation of the senate finance subcommittee in charge of the agricultural schedule is accepted.

This important alteration of the Underwood bill as it passed the house was determined upon by the subcommittee composed of Senators Williams, Shively and Gore. It was decided, in carrying out the determination to perfect the Underwood bill by equalizing raw materials and their products that it would be wiser to levy nominal duties on meats and flour products than to put live stock and grain on the free list.

In accordance with this decision, the subcommittee in revising the schedule took from the free list in the house bill fresh meats—beef, mutton and pork—and made them dutiable at 10 per cent ad valorem.

Wheat flour was restored to the dutiable list at the specific rate of 45 cents a barrel, with other wheat products at 10 per cent ad valorem, and the Underwood duty on oats was reduced from 10 cents per bushel to 6 cents per bushel, with a compensatory duty on oatmeal, said to be approximately 5 per cent ad valorem. This rate on oatmeal was not definitely determined. Cattle, sheep and hogs will be left as they are in the proposed bill, dutiable at 10 per cent ad valorem, and the Underwood duty on wheat will stand.

These recommendations will be made to the finance committee late this week or early next week, and the senator who propose the change believe it will have the approval of the majority members and also of the Democratic caucus.

THE ONLY GEORGE FINALLY AT BAY

COX AND OTHERS ON TRIAL

Cincinnati Financiers Charged With Violation of Banking Laws.

Cincinnati, O., June 3.—The trial of George B. Cox, financier and former political leader and four other directors and officers of the Cincinnati Trust company on the indictment charging them with violation of the banking laws, was begun in the criminal court here. The other men being tried with Cox are Nathaniel S. Keith, Fletcher R. Williams, C. V. Parrish and Charles H. Davis. A plea of not guilty was entered by each man. Four other indicted directors will be tried separately.

The charge in the indictment is that these officers and directors signed a joint note for \$352,500 in favor of the bank in 1911, upon the demand of the state banking department, to prevent the bank from going to the wall and that later they falsely marked the note as "paid" upon the books of the bank and destroyed it, whereas the note had not been paid.

American and French Bankers Make Up the Syndicate.

FLOAT SEVENTY-FIVE MILLIONS

National Railways of the Republic Gets the Sum of Ten Millions to Pay Off Its Maturing Notes—Loan Regarded as Recognition of the Stability and Powers of the Huerta Administration.

New York, June 3.—Mexico got its \$75,000,000 loan and with it the National Railways of Mexico got the \$10,000,000 it had to have to pay off its maturing notes. The syndicate taking the government loan is made up of French and American bankers. The latter are headed by J. P. Morgan & Company.

The conclusion of the big Mexican government loan is regarded by friends of Mexico in Wall street as the final establishment of the power and stability of the Huerta administration, despite the absence of recognition by the United States. It was said that the Huerta government had been recognized or soon would be by France, Germany, England and a number of other European governments.

The present loan, the exact size of which has not been announced, is a 10-year 6 per cent issue. The price is unofficially said to be 90 and the bonds are in denominations of \$100. Bankers in conference here and in Paris heading the loan negotiations were kept busy in the effort to rush both government and railway loans through in time to save a very disagreeable situation for the road.

"PUT OUT"

OFFICE RAIDED

Federal Sleuths Declare Cleveland Concern a Fraud.

Cleveland, O., June 3.—Postoffice inspectors raided the office of the Standard Mercantile company, a mail order grocery concern, and arrested Leopold Kahn, the proprietor, on a charge of using the mails to defraud. A warrant was also issued for Samuel Cohn, who is charged with assisting Kahn in the mail order business. It is alleged the company never shipped or intended to ship any groceries to those who sent in orders or made advance payments.

Toledo, O., June 3.—William McConahay of Perrysburg, electrician at the Miami power plant, that supplies electric current for Perrysburg and the Maumee Valley electric line, was electrocuted while at work. He was instantaneously killed when his hand accidentally came in contact with high tension wires.

COUNCIL MOVES RAPIDLY ORDERS BIG PAVING JOBS

Although Rushing Work
Session Is Long One

Paving of Washington Avenue from Court to Elm Ordered by Council. Alleys in Business Section to be Paved After Long Delay—Section of Main Street and Circle Avenue Will be Improved. Dogs Come Under the Ban and Many May Die for Lack of Permit.

The regular monthly meeting of Council was held last night and as a result thereof the city records piled up amazingly through the volume of business accomplished. No one was turned down during the evening. Council was in working order. Dogs were given attention, streets were ordered paved, likewise alleys, etc., and several matters thought to have been dead these many months were trotted out, brushed up and rejuvenated.

Every member was present. The reading of previous minutes was approved and disposed of after which citizens were given a chance to make their wants known. The only outsider to ask a favor was J. A. Edge, representing the Imperial Decree Staff of I. O. O. F., who explained that it was planned to give Washington a big Fourth of July and the streets would be needed for stands, etc. The boys were given all they asked except the Court and Main street corner, which the mayor desired kept clear on account of traffic. It was promised that nothing immoral will be shown on the streets and that traffic will not be interfered with.

TRAFFIC ORDINANCE

The now famous traffic ordinance passed a few weeks ago and allowed to become a law without the mayor's signature, who combed it rather roughly in a special message which he claims Council ignored, was placed on trial again. Mayor Smith explained his attitude toward the "alleged" ordinance and asked that certain sections be re-considered. He declared Washington yet a country town and needs hitching racks, for which reason he wants racks left on all but Court and North streets. Council finally accepted this view and turned the work of revision over to a committee to report at next meeting. In the discussion Durant and the mayor exchanged a few words, after the latter had declared that the legality of the ordinance had been questioned by the press. Durant held that the mayor was duty bound to proceed under the traffic ordinance until it was proven illegal and urged that violations are numerous. Mayor Smith replied that no test case had yet been made and warmly reminded Durant that he had filed no affidavit covering a violation. As to the section providing against relaxation from the rigid rules from "12 a. m. to 12 p. m." Solicitor Rankin advised that, strictly speaking, an error had been made, which could be corrected by "12 noon to 12 midnight." The bolstering will include this change and the provision that all streets under 45 feet wide shall be freed of racks and that no more racks shall ever be erected in the congested districts.

DOG ORDINANCE

The dog ordinance, backed by the Humane Society, was brought to life and pushed through. It provides for the licensing of all dogs, fee \$1.00, a record of dog by description and license number, owner; dogs not licensed to be impounded and if not claimed within 3 days to be "humanely" killed.

In response to inquiry of Durant, Solicitor Rankin stated that the state law already provides for impounding of dogs as well as all other animals running at large, but does not provide for killing them. Durant then urged passage of ordinance to kill dogs impounded 3 days and unclaimed. It was shown that this plan would bring in no revenue, and it was dropped. Durant lamented that the licensing plan gives dog right to run at large and argued that the measure is of no benefit to society. To add to the embarrassing situation, Mayor Smith urged the clerk to again read the ordinance to enlighten Durant, who gently but firmly replied that he understood the measure. On the belief that enforcement would result in the death of 4 out of 5 dogs now in the city, the measure was passed by a vote of 4 to 2.

The committee appointed to investigate the opening of Pearl street across the B. & O. Ry., reported favorably.

The Service Director was ordered to report at the next meeting on making a fill.

BRICKING ALLEYS.

In quick succession ordinances for bricking the alleys in the business section were taken up and passed without a dissenting vote, after having drifted along for many months. To provide funds bonds of the city, bearing 6 per cent interest payable in 20 semi-annual payments will be issued, the cost to be assessed against abutting property, except the city's portion, which is small. These improvements include practically all of the alleys in the business section of the city and is the culmination of well laid plans in this direction formulated more than a year ago. Included are the following alleys: From the Midland Bank to Temple street; from rear of Arlington Hotel to Main street; from Court House to North street; from Craig Bros. store to East street; from Busy Bee Bakery, on Court street, to Hess Livery, on Market street.

BUYING UP "POINT."

The Ways and Means Committee, instructed to investigate as to the advisability of buying the "Point" on Columbus Ave., reported that no progress had been made. Committee continued. It was remarked that a citizen had come forward with a scheme to put the deal over by assessing the other property of the neighborhood which would be benefitted by the clearing away of "Point" buildings. The Law and Ordinance Committee looking into the matter of providing Washington with city scales asked for more time. Granted. The committee appointed to get figures and facts on motor fire truck made no report, committee continued.

STREET PAVING

Measures were taken insuring the paving of Circle avenue from Fayette to Main, Washington avenue from Court to Elm and Main street from Market to Temple. The Circle Ave. job includes a 14-foot brick roadway through center, 5-foot macadamizing on each side, curbs, gutters and sidewalks. This is of ancient origin. It started so long ago that even the papers were lost. Engineer Jacobs was finally directed to go to his home and try to find the specifications. In the meantime Service Director Mark pawed through a mass of documents in search of these papers, dropping the search when Mr. Jacobs returned with the goods. Council passed the resolution unanimously, in this, as in all other cases, suspending the rules and placing legislation on second and third readings and passage. In practically every instance property owners are given 20 semi-annual payments in which to meet the costs assessed and bonds bearing 6 per cent will be issued.

The multiplicity of improvements coming on, in which the city will be called upon to pay for street intersections, etc., has caused some speculation as to where the money will come from. Auditor Pine advised that only about \$800 is available for street purposes and suggested that in issuing bonds an additional amount be added to tide the city over in each instance, this because it is impractical at this time to establish a good sized city portion fund. This plan was adopted. Mr. Pine remanded council that \$500 of the \$5,000 secured by bond issue some time back for street work falls due in September and regularly every 6 months thereafter.

The paving of Main street, between Market and Temple went through without a hitch.

The street will be paved its full width with hard burned brick at a cost estimated at \$7.65 per front foot. The plan originally contemplated a park way through the center of the street, but this was dropped.

On the advice of Solicitor Rankin an ordinance will be passed requiring the laying of lead water pipes connecting at regular intervals, likewise gas and sewer connections, before the street paving is done. Separate ordinances of this kind will be necessary in every paving instance to assist the service director in letting the jobs, which cannot be assessed against the property. Once down it is proposed to bar the opening of the street for a period of 10 years.

The proposed paving of Washington Avenue from Court to Elm street brought out the determined stand taken by council, which passed a resolution to proceed under a necessitating ordinance notwithstanding Atty.

Sanderson presented a remonstrance signed by property owners holding 2880 feet abutting on the street—more than a majority. It was shown that many who had signed the remon-

A Classy Combination

**KATZ Sells
Kuppenheimer and
Kampus
Clothes**

For Men and Young Fellows

strance were also signers of the original petition to improve the street, but that they did so through misunderstanding as to the cost, which was estimated to some as low as 8¢ per foot. It is now definitely known that the cost will be \$4.00 per foot. After some parley the remonstrance was accepted and filed, following which it was decided by Council to go ahead with the improvement without regard to the objections. Cox declared that Council had already granted the petitioner's request and that it is now too late to remonstrate. The improvement contemplates the paving of the street to a width of 28 feet with brick. To ease the hardship on some of the poorer people on the east end of the street, the payments were increased from 10 to 20 semi-annual installments. Sanderson, for the remonstrants, urged a cheaper improvement, mentioning new street making material now being used in Dayton and other places. He also argued that for Council to proceed with the paving against the wishes of the majority of the owners under a necessitating ordinance, Council would be called on to prove that the health convenience and public welfare actually demands the paving of the street, and ventured that not even Councilmen would swear to that.

Durant questioned Sanderson on the establishment of necessity, and was told that it is strictly a matter of evidence, the same as in the location of a county ditch. Sanderson held in litigation the courts will decide that no necessity exists. Durant asked if it was meant that a judge was more competent to decide

on a point of necessity than 6 or 7 councilmen, to which Sanderson replied that we elect judges because they know more than a city council. This raised a tremendous applause. Durant declared that Council had been advised by the city solicitor that Council's right to decide a necessity exists is final and so upheld by the Supreme court.

Chapman was agitated by the continued delay in the paving of Paint street, from Hinde to the D. T. & I. railway, and he tangled up with Director Mark, by asking point-blank why the matter had been blocked. Mark, with heat replied, "I'll ask you if you have ever passed an ordinance determining to proceed. Answer that and then you'll know." The affair simmered down to a question of serving of notices, who had been served, who not, and whose duty it is to serve notices. It opened up a lot of discussion in which Rothrock and Rankin jabbed hard at Engineer Jacobs. It ended without fixing the responsibility on any one. Rankin declared it was the duty of the engineer to prepare specifications, showing every piece of property included in an improvement, the owner of same in each case, who shall be served with notice by the clerk, otherwise an owner can not be made to pay an assessment. He cited that he had investigated in several cities and in the attorney general's office and found that city solicitors are not required to pass on the work of others, serve notices or do other than give opinions when city officials are in doubt. He also pointed out that if the city had a man employed to do a thing that he could not do in the

proper and legal way that "we simply have the wrong man hired."

To Rothrock's query "Is the engineer supposed to search the records at the court house to see who owns property on an improvement?" Rankin replied that engineers are able to do so, but that it does not always happen that such information can be had without getting it from the owners on the ground, because deeds are not always recorded, property changes hands, estates are being settled, minor children figure in ownership of property, etc.; that to notify Jones whose deed is recorded while in fact he has sold to Smith, means that Smith escapes, and Jones can not be held.

To Rothrock's claim that when Pope Gregg was solicitor he always made such points sure, Rankin replied that Gregg had comparatively little to do, as he only had one improvement to contend with to 15 for the present administration.

By way of clinching his argument Rankin said that in asking him to supervise and guarantee the work of the engineer and clerk of council, he might just as well be called upon to keep in perfect order the books of the city auditor. A great deal of time was spent in arguing these matters of duty, pro and con. Finally it was decided to serve notices on the C. H. & D. and D. T. & I. railways—it not being certain that they own lands on Paint street, in the hope that all will be covered. Council instructed the solicitor to draw up an ordinance to proceed with the improvement.

To a direct query by Durant, Service Director Mark advised that he was sure that notices had been served

on all property owners on alleys about to be improved. No one asked for or vouchsafed information as to whether or not it had been determined whether property in all cases can legally be held for the assessments to be made, or whether such assessments will exceed the limit allowed by law to be charged, an avenue of heavy loss to the city on numerous improvements heretofore made.

The mayor's report of fines and licenses for the month of May, amounting to \$19, was accepted, as was also the report of Auditor Pine showing the condition of various funds.

K. OF. P. ELECT NEW OFFICIALS

At the Regular Semi-Annual Election of the K. of P. Lodge Monday Night the Following Officers Were Elected.

Chancellor Commander, H. E. Price; Vice Chancellor, C. F. Pennsyl; Master of Work, Dr. R. M. Hughey; Master-at-Arms, J. F. Markley; Prelate, Ray Maddox; Inner Guard, R. W. Hays; Outer Guard, Griffin Wilson.

WOMAN'S RELIEF CORPS.
All members of W. R. C. are requested to assemble at the hall, Wednesday, June 4, at 2 p. m., for drill.
EMMA CRAIG, Pres.
EMILY BALDWIN, Secy.

IN SOCIETY

The achievers' club has issued invitations for the annual commencement dance at the Pythian Castle, Thursday evening, June 12th.

Music will be furnished by a saxophone orchestra.

The commencement dance is always one of the gayest Terpsichorean affairs of the year, with a bunch of college people just home, and commencement week bringing to town many visitors, who remain for the dance.

Mrs. Howard Griffis and Mrs. Jas. Ford followed their card party of Saturday with a tea in the parlors of the Cherry hotel Saturday afternoon.

It was a beautiful tea, with a wealth of flowers, lovely music and spontaneous cordiality contributing to make it pleasurable. Splendid white peonies in bowls and jardineries were particularly effective in the parlors, where the hostesses received.

The tea table had for its central embellishment an exquisite basket of Ward roses upon a base of smilax. Pouring were Mesdames J. F. Dennis, Elmer Baughn, George Jackson and Emma Grove. Also assisting in the hospitalities were Mrs. C. E. Page, Misses Emma McDonald and Emma Jackson.

Messrs. Frank Horstman and Richard Ramsey furnished splendid music which was greatly enjoyed throughout the afternoon.

Mrs. Ned Poage, of Ashland, Ky., was an out-of-town guest.

A beautiful six o'clock dinner was given by Miss Louise Weaver in honor of one of tomorrow's brides, Miss Mabel Calvert, at the suburban home of Mr. and Mrs. Edwin Weaver Monday night.

Pink and white tones were carried out in every detail of decoration and the elaborate courses served. The table was extremely pretty with adornment of pink roses, pink canary shades and greenery.

Noble has purchased property. They have the best wishes of their friends.

Dr. Harry Roberts, son of Mr. and Mrs. Charles Roberts, was married to Miss Madge Allen, a charming Columbus girl, at the home of the bride in the capital city Monday, at one o'clock in the afternoon.

It was a quiet family affair, but artistic in all its appointments. Rev. Perrin, of the Presbyterian church, officiated.

The bride wore a clinging white crepe gown, with garniture of real lace.

Dr. and Mrs. Roberts left at once for a short trip to Buffalo, N. Y., Cleveland and the lakes. They expect to return to this city the last of the week and will reside in the Marks double house on N. North St.

The bridegroom belongs to prominent Fayette county families and is already successfully launched in his chosen profession of veterinary surgery, graduating from the O. S. U. two years ago. A host of friends will await the return of the young couple to offer all good wishes.

Mr. and Mrs. Charles Roberts and daughter, Miss Blanche, Mrs. Margaret Colwell and Mr. Walter Roberts went up from here to attend the wedding.

PERSONAL PARAGRAPHS

The M. G. H. club of girls was delightfully entertained by Misses Golda Baughn and Hattie Pinkerton Monday night at the home of Miss Baughn.

During the social evening there was an informal program, to which Mrs. L. Bowman contributed a reading and Miss Mary Wilson vocal solos. Miss Baughn accompanying. A delicious luncheon was served.

Creating quite a little surprise among the friends of Mr. Earl Noble and Miss Nellie Miller was the announcement of their marriage on March 1st. They were married in Covington by Rev. Moore of the Madison Avenue Presbyterian church. The young people will go to churchkeeping in Millwood where Mr.

W. O. Holmes, of Augusta, Ky., will be the guest of Mrs. Carrie B. Willis and Miss Florence Ogle during commencement week.

Mrs. Ora F. Lukens, of Middleton, has been called to Jeffersonville by the death of her step son, Mr. Byron Lukens.

Mrs. Joseph H. Harper went to Columbus Tuesday morning to attend the graduating exercises of the Columbus School for Girls, her daughter, Miss Helen, being one of the graduates.

Miss Hilda Kyle is entertaining Miss Ruth Sheldon, of Columbus.

Mrs. Lillie Collins arrived from Clarksburg Tuesday to visit her parents, Mr. and Mrs. John Hickel, at Johnsons Crossing and to attend the wedding of her sister, Miss Elva Hickel and Mr. Bennett E. Kelley Wednesday.

Miss Luin Theobald is spending today in Columbus.

Mr. and Mrs. Herbert Lewis, of Bloomingburg, are the guests of Mrs. Lewis' mother, Mrs. J. L. Chapman for the Blessing-Calvert wedding.

Judge Garrett Claypool, of Chillicothe, was here to attend the funeral of Mrs. George Rittenhouse Monday.

Dr. and Mrs. A. H. Beam, Mr. Moses Calvert and Mr. and Mrs. Will Calvert are guests at the home of Mr. Spencer Calvert for the wedding of Miss Mabel Calvert and Mr. Frank Blessing.

Miss Louise Weaver is entertaining a house party, her guests being Miss Ruth Sheldon, of Columbus; Miss Hilda Kyle, Louise Ballard and Mary Craig.

Mr. and Mrs. Frank Hamilton, of Columbus, are the guests of Mr. and Mrs. Walter Hamilton for the Blessing-Calvert wedding Wednesday.

Mr. Herbert Leach returned to his work at Middletown Tuesday morning after spending a couple of days with his family on North North St.

Misses Margaret Geiger, of Troy, is the guest of Misses Elizabeth and Louise Ballard Tuesday and goes on to Springfield Wednesday for the wedding of her cousin, Mr. Robert Geiger.

Judge R. M. Abernathy, of Circleville, is a business visitor here today.

Mr. W. A. Tharp was called to Columbus Tuesday on business.

SUMMER STRAWS

Yes, we have them in any shape or style desired.

Split Straws, Sennit Straws, Bangoks and Panamas.

Some like the wide brim and low crown, while others prefer the racy little English "Bowler."

We know hats from A to Z and we'll fit your face and figure as well as your head.

If you're interested in a real "hat service" come around. We won't sell you a hat unless it fits all over.

Straw Hats \$1.50, \$2 and up

Panamas \$5.00 and up

A drowning man may grab any old straw, but I'll get my summer bonnet from Wilkin's.

Why swelter 'neath the summer sun when you can be cool and comfortable in a perfect fitting Superior Union Suit.

There's a size for every man—be he tall or short, fat or thin.

\$1.50 to \$4.50

BIG DAMAGE CASE IN HANDS OF JURY

The trial of the case of Lottie Harmon against The Larrimer Laundry company, the trial of which has been occupying the attention of the Common Pleas court during the last week was submitted to the jury at noon Tuesday.

At the conclusion of the arguments of Chas. A. Reid for the plaintiff and John Logan for the defendant, Judge Carpenter delivered his charge to the jury.

The action was one to recover \$5000 damages for injuries which the plaintiff sustained while working as an employee in the steam laundry of the defendant company.

Have You Been Reading Them?

The Herald is printing a series of articles, one each day, on the very much talked of and but little understood law on municipal government.

Under the constitutional amendment adopted last September by the voters of the state, the legislature was given authority to enact the laws necessary to vest in the municipalities throughout the state, greater powers along the lines of adopting plans of government more in accordance with the requirements of each community.

There are several plans of municipal government now available under the constitutional amendment and the legislation of the last General Assembly.

Whether the people of any community desire to adopt one of the new plans or remain under the present system is entirely optional with the voters of each community.

With a view to enabling the people of Washington to more clearly understand these questions The Herald began last Thursday the publication of the series of articles on the subject.

Day by day, until the various plans, their advantages and disadvantages, their adaptability and their lack of fitness have been made plain, the subject will be discussed.

The articles on this important subject will be interesting and the good effect of a thorough understanding cannot be overestimated.

Read up now.

Secretary McAdoo's Plan

Anticipating the heavy call on the banks of the country to move the vast crops and to provide against a possible money stringency, owing to the heavy crops and anticipated changes in the tariff laws, Secretary of the Treasury McAdoo has made preparations to place with the banks, to be distributed pro rata ten million dollars of the money in the government treasury.

In commenting upon this novel procedure, banking authorities see nothing new in the plan save the time of putting it in operation.

When Secretary McAdoo gets the ten million dollars of Uncle Sam's money distributed he will have done what other secretaries of the treasury have done. Those who have stood at Mr. McAdoo's post of duty, however, have always refrained from taking such a step until the actual contingency arose. Secretary McAdoo now proposes to "do it first."

He evidently believes that a preventative is better than a cure, that it is better not to have trouble, if it can be prevented, and that if Uncle Sam's millions, properly distributed, will rescue the people from a panic it will work just as well to prevent one.

This all sounds well as a theory and may work out just as satisfactorily as the secretary anticipates.

It is to be hoped that it will and using an old plan in a new way may be a potent factor in jolting the recurring periods of financial stringency out of their orbit.

System of Society Is Rotten From Top to Bottom

By Dr. ALFRED RUSSEL WALLACE, English Scientist

Wee a continuous advance of man's power to utilize the forces of nature to an extent which surpasses everything he had been able to do during all the preceding centuries of his recorded history.

We also see that the result of this vast economic revolution has been ALMOST WHOLLY EVIL.

We see millions still struggling in vain for a sufficiency of the BARE NECESSARIES of life (which in their misery is all they ask), often culminating in actual starvation or in suicide, to which they are driven by the dread of starvation.

And while all this goes on in the depths a little higher up, among the middlemen distributors of the necessities and luxuries of life, bribery, adulteration and various FORMS OF PETTY DISHONESTY ARE RAMPANT.

And, finally, our administration of what we call "justice" (and of which we are so proud because our judges cannot be bribed) is utterly unjust because it is BASED ON A SYSTEM OF MONEY FEES at every step.

TAKING ACCOUNT OF THESE VARIOUS GROUPS OF UNDOUBTED FACTS, MANY OF WHICH ARE SO GROSS, SO TERRIBLE, THAT THEY CANNOT BE OVERSTATED, IT IS NOT TOO MUCH TO SAY THAT OUR WHOLE SYSTEM OF SOCIETY IS ROTTEN FROM TOP TO BOTTOM.

Poetry For Today

GENTLE WOMAN.

Woman, gentle woman! She's an angel without wings
(When she doesn't fret or scold).
She's the loveliest and sweetest of all
sweet and lovely things
(If she isn't plain or old).
A brought halo glimmers o'er her;
Man is glad to kneel before her
And obey her and adore her
(If she isn't big and bold).

Woman, gentle woman! She can conquer with her sighs
(If she cares to keep her place).
She can be man's guide, no matter how sublime he is or wise
(If she has a pretty face).
She can save him from perdition
She can bring to sweet fruition
His most glorious ambition
(If she clings to girlish grace).

Woman, gentle woman! All she wants she may possess
(If she's young and sweet and fair).
With a word she brings contentment,
With a smile relieves distress
(If she knows just what to wear).
Man is glad to give treasure
For her comfort and her pleasure,
And to worship without measure
(If she doesn't smash and tear).
—Chicago Record-Herald.

INTERESTING BITS OF NEWS

(By John E. M. Kerr.)

Secretary Bryan is not too busy these days with affairs of state to do the marketing for the Bryan household. Almost any morning the secretary of state may be seen in a Washington market place with a large basket swinging from his left arm.

Millions of tons of high grade anthracite coal has been discovered near Colon, Panama, and within eighty miles of deep water transportation. The coal was found through native Indians by J. Hyatt, former vice consul of Panama. Mr. Hyatt is said to be organizing a big Latin-American company to develop the field.

Attractive little booklets are issued by the Los Angeles Public Library giving lists of its books on subjects of special interest to some one class of people. They are convenient size to keep for reference, and in each one the subject is sub-divided so that a person may see at a glance on how many places of the subject the library contains books. For instance, glancing over the booklet entitled, "Domestic Science Books", one finds these sub-topics "Domestic Economy," "House Decoration," "The Hostess Food," "Cookery," "Dressmaking" and "Laundry".

When the vice-president of the United States announced that "\$1800 a year" is the maximum amount he will pay for house rent while in Washington, the real estate agents eager to lease property at much higher figures are impressed with the fact that this is indeed a Democratic administration. Exchange.

Sentimental persons from many far-away cities and some foreign frage club was recently formed in countries, arrived in New York one day last week, prepared to spend the following officers: President, Lora Priddy; vice-president, Mrs. Sue which is to be demolished for the Yeoman, recording secretary, Mrs. E. M. Stuckey, corresponding secretary, Frank Johnson; treasurer, Mrs. K. C. Thursday though, without an extensive celebration. There was a real old-fashioned dinner to special guests

From Pittsburgh comes a report that the Pennsylvania Mexican Fuel Company, has bought in an oil well good for between 25,000 and 26,000 barrels a day. This biggest gusher is reported to be located 25 miles from the gulf and 125 miles south of Tampa.

250 students in a total of 460 enrolled in Adelbert college, Western Reserve university earned money to pay or help pay expenses of their education this year. They were salesmen, clerks, waiters, lawn and garden men, elevator men, ushers, cashiers, reporters, teachers, musicians, etc. One student who plays a violin, is said to have earned \$1000 last year. Altogether this body of young men earned over \$50,000.

The readers of this paper will be pleased to learn that there is at least one dread disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is a positive, effective, cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the body, thus removing the cause of the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have much faith in its curative powers that they offer a hundred dollars for any case that it fails to cure. Send for list of testimonials.

Educating Blind Deaf Mutes Accomplishes Many Wonders

Photos by American Press Association.

TEACHING blind deaf mutes is one of the wonders of the twentieth century, so remarkable are the strides that have been made. The case of Miss Helen Keller is only one specific instance—though a striking one—of what is being accomplished. Modern scientific methods make the blind not only see, hear and talk through the delicate sense of touch, but enable them really to enjoy life and do an active work in it. These interesting pictures show how the afflicted are taught in the playroom and schoolroom of the blind deaf mutes school at Newnawes, Germany.

SERIOUS CHARGE

PUBLISHER IN TROUBLE

Charged With Sending Improper Matter Through the Mails.

Columbus, O., June 3.—John R. Cartright, publisher of a local paper at West Jefferson, O., near this city, was arrested, charged with sending obscene pictures and reading matter through the mails. It is alleged that he confessed to Postoffice Inspectors Robinson and Anger, who did the sleuth work, that he had conducted a business of selling obscene matter for several years. He advertised in magazines and filled orders by mail, with the address of Columbus. Cartright was released on bond of \$500 and will be arraigned before Commissioner Johnson. Bundles of pictures and books which were seized in the raid of his printing office were presented to the federal grand jury, which convened today.

NOTHING DOIN'

NO PROBE OF GEE CASE

Senate Tables Senator Burton's Resolution of Inquiry.

Washington, June 3.—By a straight vote of 38 to 23, the Senate tabled Senator Burton's resolution calling for an inquiry into the appointment of George H. Gee as postmaster at Salem, O., with particular reference to the charge that Gee was appointed as the result of a deal he made with Congressman Whittaker, whereby he agreed to run "a genuinely Democratic newspaper" in Salem. Senator Burton declares he will carry the matter to the White House.

ACTOR IS DROWNED

Cincinnati, O., June 3.—In an attempt to get to the Lagoon theater at Ludlow, Ky., where they were to have appeared in a performance, John A. Thurston, an actor of New York, was drowned when his motor boat, in which he was riding with his wife, capsized when it collided with a fleet of coal barges. Mrs. Thurston was rescued.

HIS OWN MEDICINE

Portsmouth, O., June 3.—Former Judge A. Z. Blair, who disfranchised hundreds of voters in Adams county, was fined \$5 for contempt of court by Judge Thomas here. Mr. Blair and Attorney Theodore S. Fink got into a wrangle and the court imposed a \$5 fine on each. The fines were paid.

NICE LIFT FOR SCHOOL

Berea, O., June 3.—At the dedication of the auditorium and conservatory of music of German Wallace college, President Arthur L. Breslich announced a gift of \$50,000 from Mrs. Fannie Nast Gamble of Cincinnati to endow the president's chair.

PAPER PLANT BURNS

Canton, O., June 3.—The plant of the Canton Daily News was destroyed by fire. The loss is estimated at \$60,000. The fourth story of the building collapsed and the interior of the other floors was burned out.

FOUND ROOSEVELT A TRACTABLE CLIENT

Detroit, Mich., June 3.—"I never hope to have a better client than Colonel Roosevelt," said Attorney James H. Pound, who is back from Marquette, where he upheld the expressman's end of the legal suit against George A. Newell, the Ishpeming publisher, winning 6 cents damages for the colonel. "I was given to understand that I would have a bucking broncho on my hands in the colonel, but I found him very amenable," continued Mr. Pound. "We disagreed on the question of damages. I saw that we had a cinch on the case, but Roosevelt was determined to be generous to Newell and overruled me."

Negro Attacks Child.

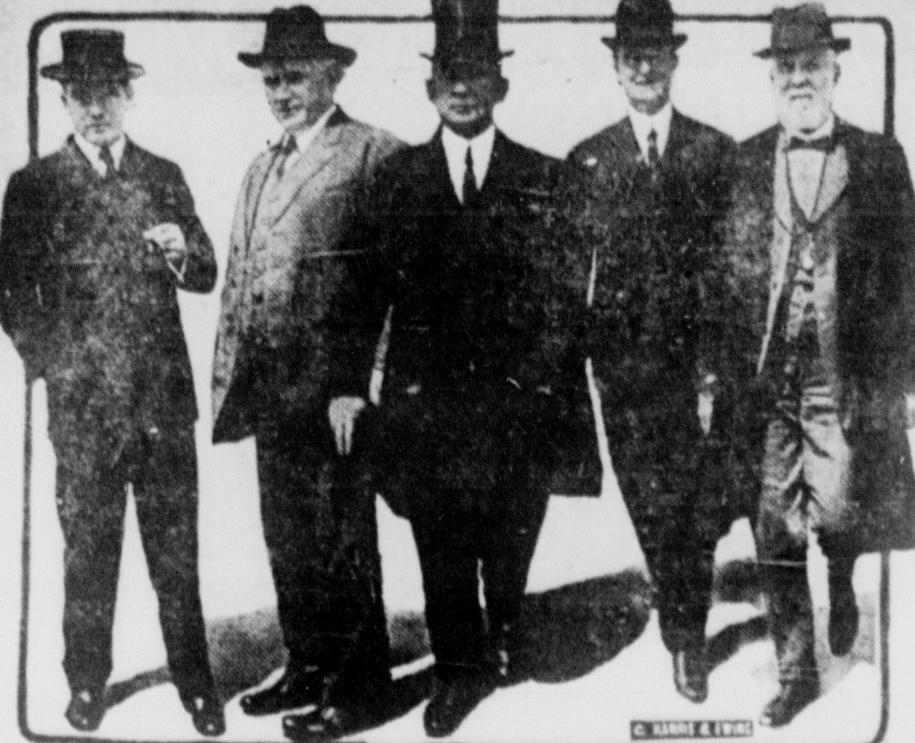

Cleveland, O., June 3.—After being rescued from violence at the hands of an angry crowd, W. F. Robinson, a negro, was arrested, charged with attempting an assault on Mary Reese, 5. The child's screams brought help, and soon a crowd had gathered. A squad of police arrived just in time to save the negro.

Recommend Waldo's Removal.

New York, June 3.—The Curran aldermanic committee, by a division of 4 to 3, two Republicans not voting, adopted the first section of its report to the board of aldermen, recommending that the board ask Mayor Gaynor to remove Police Commissioner Waldo.

FARMER MAKES APPEAL FOR CONCERTED ACTION

Urge Every Citizen To Sign Petition

Points Out Benefits of State's War on Hog Cholera and the Golden Opportunity Offered Fayette County, the Banner Hog County of Ohio, to Secure the Favor of the State Board of Agriculture.

In view of the contest now waging in this county for the purpose of interesting the Ohio State Board of Agriculture in deciding to use its appropriation of \$20,000 in this county, to demonstrate conclusively that hog cholera can be stamped out, Mr. Hugh K. Stewart, one of the most successful hog raisers of the state has penned an article addressed to all of our citizens.

Mr. Stewart is a firm believer in the efficiency of the serum and virus produced by the state authorities and he has used it continuously for several years with splendid results. It is his intention to keep on using this treatment in the future, notwithstanding what may be the outcome of the present effort to secure the whole of this appropriation for use in Fayette county. In this fight, however, he is in the front rank, working to bring about the success of this movement, and he has solicited signatures to the petitions from the first. Like many others, Mr. Stewart believes that an avalanche of signatures of Fayette county people, laid before the Board of Agriculture, of which Mr. Jesse F. Cross, of this city, is a member, will furnish the means of inducing that body to view our claims most favorably and to select this county as the testing ground in the greatest effort Ohio has ever made to conquer disease.

Mr. Stewart's letter follows:

During the session of the last General Assembly of Ohio, at the suggestion of the Federal government, the legislature made an appropriation of \$20,000 to be used in one county in the state to clear it of hog cholera. Fayette county is the greatest hog producing county in Ohio, and during the year 1912 suffered the heaviest loss from hog cholera of any county in the state. If the farmers will wake up to the fact, that they have more than a fighting chance to get the \$20,000 used in Fayette county, they certainly will leave nothing undone to secure it. It means that every hog in the county will be immunized free with the serum and virus made by the state. The work will be done not only by competent men from the state veterinary department, but also doctors supplied by the Federal government. The simultaneous treatment for the prevention of hog cholera, was originated by Dr. Dorset of Washington, D. C., in the employ of the Federal government. After making the discovery he was sent to Agnes, Iowa, where the government station is located, and in connection with Dr. Niles, of the Agnes station, made the first experiments, which have since proven to be the only prevention for hog cholera known to man. Dr. Dorset was at Columbus

REV. W. I. CAMPBELL HAS ACCEPTED CALL

Rev. William Irvin Campbell, former pastor of the Presbyterian church of this city, has accepted a unanimous call to the Sherwood church of Washington, D. C.

The call is one which will undoubtedly be particularly acceptable to Rev. Campbell, as it permits him to remain in his home city and also to be closely in touch with the manufacture of the promising patents recently secured by Rev. Campbell on his invention for a money changing cash register.

Rev. Campbell's many warm friends in this city are sincerely gratified to learn of the call.

FOREIGN MISSIONARY

The W. F. M. S. will be held at Grace M. E. church Wednesday, June 4th at 2 p. m. The hostesses are Mesdames Jenkins, Adams, Maudux and Miss McLean. All members of this society please bear in mind your attendance at this meeting is earnestly requested. SECY.

City Council Takes Initiative To Settle the Government Plan

Acting under the authority of the municipal home rule amendment to the constitution the City Council on Monday night passed a resolution directing City Solicitor Rankin to prepare and submit to Council the ordinance necessary to pass to submit to the voters of the city the question, "Shall a Commission be Elected to Frame a Charter?"

Every member of Council voted for the resolution. Not a dissenting vote was recorded.

At the election, if Council passes the ordinance on the question of whether a charter shall be framed for the city the voters shall select from any number of candidates nominated by any group of men desiring to place candidates in the field, fifteen men who shall compose the charter commission.

If a majority of the voters vote "yes" then the fifteen men who receive the highest number of votes are declared the Charter Commission, and if a majority vote "no" the whole matter ends then, and there is, of course, no charter commission.

The City Council has taken the initiative and unless there is some change of front, Washington citizens will soon vote on a new form of city government.

City Solicitor Rankin says that he will proceed at once with the work of drafting the necessary ordinance and have it ready for presentation to Council at the next meeting, or sooner, if called for.

AUTO FIRE ENGINE? OFFICIALS JOURNEY ON INSPECTION TOUR FOR SPLENDID POSITION

Winton Place Is Visited Today by Safety Director and Councilmen to See Big Machine at Work

Safety Director Os McLellan, Major Harvey W. Smith, Councilmen Wm. Sheets, F. M. Rothrock, John Durant, J. Earl McLean and George Cox went to Winton Place today for the purpose of looking over and seeing in operation an auto fire fighting apparatus.

Local officials have for some time been studying the question of how to better the fire fighting facilities of the city.

The question of what to buy in view of conditions in this city, especially in view of the condition of the streets and avenues has been a difficult one and the matter of purchasing new apparatus has hung fire now for over a year since the necessity to better the facilities has been declared.

An up-to-date automobile apparatus seems right now to have the call and that the officials are thinking seriously of annexing the city to such a fire fighter is evidenced by today's visit.

Winton Place, a suburb of Cincinnati, has a condition of streets very similar to the conditions here, and the officials have concluded, wisely too, it would seem, that what is good for Winton Place would be just about right for Washington.

The junket today gives quite a boost to the hopes of the people who are anxious for better fire fighting facilities.

DEATHS

LUKENS.

Byron Lukens, son of the late A. B. Lukens of Moyock, N. C., died Monday night at 7 o'clock, at the home of his grandmother, Mrs. Wm. Ervin, four miles east of Jeffersonville.

The death of this young man at the age of 25 years, seems particularly sad and arouses the deep sympathy of many friends of the Lukens family.

Mr. Lukens was completing his course at the O. S. U. when taken ill a year ago and finally succumbed after twelve months' fight with tuberculosis. His brother, Dr. Ray Lukens of Hillsboro, was with him when he died. Mrs. A. B. Lukens and children arrived from Middle-town Monday night.

The funeral will be held Wednesday at 2 p. m. (sun time) at the Ervin residence. The burial will be made in the Whiteman cemetery at the rear of the Ervin farm.

Eugenics Conference in Orange

Orange, N. J.—The ministers of the Oranges have asked the physicians there to take part in a conference which is to be held on June 16 in the parish house of Grace Episcopal church here, on the advisability of urging regulations requiring health certificates from those about to be married. The invitation was received by the Orange Medical society in a letter from the Ministerial association of the Oranges which asked the medical men to send reports to the conference.

City Charter For Washington?

If The People of This City Desire to Avail Themselves of a New Form of Government, Here Is Another One of the Methods of City Government That May Be Adopted.

The Commission Plan

The commission plan of municipal government is patterned after the organization of a corporation. It is based upon the theory that a city is primarily a business institution, and hence ought to be run as such. The plan of organization which is universal in the business world is, therefore, copied in the form of government which has as its purpose the introduction of purely business methods into municipal government.

In the place of the mayor and council, the city has a commission, consisting of five, seven or nine members. They correspond to the board of directors of a corporation. They run the city. The voters have the right to repeal any legislation they may pass, by the use of the referendum, or to introduce any proposed legislation they may refuse to introduce by the use of the initiative, or to remove any member of the commission by the use of the recall.

The commissioners are all elected at large, instead of by wards, as are the councilmen in the federal plan. In the commission plan, the city is considered an organic whole, and what it does, it does as a unit, the theory being that what is good for the city as a whole is good for each separate part of the city.

The commission appoints all the other officers of the city, makes the appropriations, legislates for the municipality, and is responsible for the mistakes which occur in the management of the city. Each commissioner is the head of a department, but his appointments and expenditures must be approved by the commission.

The members of the commission are nominated and elected at non-partisan primaries and elections. This system will be explained in later talk. Their terms of office differ as to length, in various cities, but as a rule, the commissioners are elected for two, three or four years.

The commission plan was first introduced in America at the time of the rehabilitation of Galveston, Texas, following the flood there. But a few cities in the country claim to have adopted an improvement upon it. It is known as the city manager plan. That plan will be described Wednesday evening.

WILL PRESENT FLAG TO TOWNSHIP HAVING MOST SOLDIERS IN PARADE

To The Soldiers of Fayette County:

Washington Circle No. 25, Ladies of the Grand Army, will present one best grade regulation, all wool bunting flag trimmed with two inch fringe, eight inch tassels and cord, eight inch brass eagle; highly polished real ash pole, tapered at both ends; fancy double screw joint; patent leather holster and cover, to the soldiers of the Civil War residing in the township, having the largest number of old soldiers in the G. A. R. parade on Thursday, June 19th, in proportion to the population of the township, 1910 census. Count and report to be made at close of parade. The city of Washington C. H. is not to be considered in this contest.

MARY W. MILLIKAN,

President Washington Circle No. 25, Ladies of the G. A. R.

LUCY GINN, Secretary.
